Since our last report we have fully completed the new Court House and Jail at Portsmouth, and the County Record building at Exeter. No money was raised by taxation for their construction, the expense being met by the issue of bonds and the receipts from sales of County property in Portsmouth and Exeter, as authorized by the County Convention.

The Jail is a large and substantial brick structure, fitted with the most modern steel and iron cell work, manufactured by the Pauly Jail Building Co., and is pronounced by all who are familiar with such institutions to be a model building, in every way suited to the purpose intended.

The Court House has received the approbation alike of the members of the bar of this and other states, and the Judge of the Supreme Court who presided at the last October term, complimented the county, the county officials and the bar, upon the possession of such a commodious, beautiful and well arranged and well fitted structure for a court room and other county purposes.

The Record building at Exeter contains large and well-lighted vaults that have been supplied with steel roller shelving, file cases, desks and drawers by the Fenton Metallic Co.; it also contains a convenient Court room for Probate Courts, referee hearings, etc., and furnishes every needful accommodation for the officials and those having business with them, as well as absolute safety and security for the valuable records of the county.

The cost of these buildings will appear from the Treasurer's report.

At the County Farm considerable expense has been incurred, but no one who was formerly familiar with the buildings and their condition will doubt the wisdom of this expense when he sees the great and necessary improvement made in them. The old wooden building formerly used as an asylum for the insane has been moved and converted into a carriage house and hay loft, with a good cellar under it for storage of carts, sleds, etc. In its place, agreeably to the vote of the County Convention, a new asylum has been erected suitable for such an institution. The steam piping of the building has been thoroughly repaired and replaced; a large water tank for water in case of fire has been erected, and the building supplied with pipes and hose for the use of such water, all as voted by the Convention. The cow barn and stable have received extensive repairs.

The County Farm and House of Correction are still under the management of Mr. and Mrs. Charles C. Tucker. A school has been taught at the farm as in former years, which will compare favorably with district schools in the county.

The financial condition of the county will appear from the report of the Treasurer. The floating indebtedness of the county should be bonded as soon as practicable.

The reports made to us by the other County officials, published herewith, will show in detail the work done by them, and the condition of the county affairs in their respective departments.

AUDITORS' REPORT.

PORTSMOUTH, Jan. 16, 1893.

We, the Auditors of the County of Rockingham, have carefully examined the accounts of the County Commissioners, for said county, and find them correctly cast and with proper vouchers for all expenditures. From the best evidence by us obtained, we are satisfied that the articles procured by the Commissioners for the use of the county have been purchased at a fair market value, and have not been diverted from their legitimate use.

Physicians' Report.

To the Commissioners of Rockingham County:

GENTLEMEN:—Since making our last report in May 1891, the sanitary condition of the County Almshouse, House of Correction and Insane Asylum at Brentwood has been excellent.

No epidemic, save the influenza which greatly reduced the feeble and increased the mortality, nor any disease produced by filth, poor drainage or bad ventilation has existed, the credit of which is in great part due the superintendent and his wife for their diligent enforcement of cleanliness about the institution and among the inmates in health, and their faithful care of them when sick.

There are in the Insane Asylum 62 patients, 25 males, 37 females.

The larger number of these are hopelessly insane, and will be dependent upon our interest and care to the end.

On account of recent legislation several have been taken to the Asylum at Concord for treatment, but with little or no improvement save in one or two cases.

Building the new Lower Asylum has added unspeakably to the comfort of those who occupied the old one.

We the physicians, would make grateful mention of the courtesy and aid in the discharge of our duties, we have uniformly received from the Supt. and Matron, attendants upon the insane and the hospitals, and all others employed about the place.

Chaplain's Report.

To the Honorable Board of Commissioners for Rockingham County :

GENTLEMEN :—I herewith present my sixth report, covering a period of twenty months. Matters in the Chaplain's department remain substantially the same as heretofore. Chapel services are usually well attended. This is encouraging, inasmuch as there is nothing compulsory about attendance. All that come do so of their own free will and accord, and all are respectful and attentive.

The Word is preached, prayer offered, and the services interspersed with cheerful and helpful singing. Visitors and friends are present quite frequently, and cheer with their presence and help. The Superintendent and his family are always present, unless absolutely hindered, and they are all, and always, helpful.

The music, both vocal and instrumental, is still under the direction of Miss Grace Tucker, (Superintendent's daughter), who for nearly six years, without compensation or reward, has cheerfully carried this part of Divine worship. We feel that she is entitled to special and hearty thanks for her generous services.

Considerable in the way of good literature, consisting of papers, magazines, &c., has been furnished the inmates during the past twenty months, and most eagerly have they availed themselves of everything of this sort. I have visited the Hos-

pital regularly, besides those sick in their rooms, making also an occasional visit to the Jail, thereby doing what I might to cheer and encourage the afflicted, or to counsel and admonish the wayward. Whether I have accomplished any good God knoweth. Eternity's day may reveal some beneficial results. I have endeavored conscientiously to do my duty. Let me add here, that funeral services and christian burial have been accorded all deceased persons that have been interred in the County Farm cemetery.

In closing this brief report, I would once more renew my grateful acknowledgments to Mr. and Mrs. Tucker, Supt. and Matron, for their uniform courtesy and kindness, and for the cheerful help which they have always rendered me in my work. My thanks also are due to subordinate officers of the institution for their hearty good will and services rendered.

Respectfully submitted,

W. H. JONES, Chaplain.

We moved from the old jail on Islington street into the new jail on Penhallow street on the thirty-first day of May, 1892, and have found this jail all that could be desired for safe keeping of prisoners, and built on proper principles for ventilation and health. The water service is most excellent.

There has been much sickness at this term but less at this jail than at the old one.

We are under great obligations to the Young Men's Christian Association for Sunday services, and to John Sise, Esq., Mrs. Cooledge Perry, Charles R. Oxford, and many others for contributions of reading matter to the prisoners.

For the sanitary condition of the jail I refer to the report of the physician; also to report of jailer at Exeter.

PORTSMOUTH, Feb. 7, 1893.

During the past year the health of the inmates of the Portsmouth jail has been fairly good.

No deaths have occurred, and there has been no case of serious illness or contagious disease.

The new building which has been occupied for the past few months, contains all the needed sanitary improvements, and has added materially to the health and comfort of those occupying it.

The management of the institution is all that could be desired.

The officials have performed their duties conscientiously, and the prisoners in their charge have received careful and considerate treatment.
